

SESSION 4

Happy Friday!

Your task this week is to come up with a service project that you and your family can do. There are many choices and many different ways that we can help those around us. Part of being a Catholic and being a confirmed Catholic is striving to live our lives as Christ did. We try and see the face of God in all those around us. We are called to give of our time, treasure and talent and to use the gifts that God so generously gave us.

Please share with me what you have decided to do. I am always amazed by the incredible ways people find to help others. Some help in public ways and others in quiet barely noticed ways; both are beautiful expressions of our desire to live as Christ did.

I am also including a video link that talks about Lent.

<http://bustedhalo.com/video/you-dont-know-jack-about-lent>

And an article about Lent and pretzels??
